

HealthSecure Insurance - Member Handbook

1. Welcome to HealthSecure

Welcome to HealthSecure Insurance. We provide comprehensive healthcare coverage across Bronze, Silver, and Gold plans. This handbook explains how your plan works and how to navigate your care.

2. How HealthSecure Works

HealthSecure operates an integrated provider network. Depending on your plan, services are covered through in-network providers or out-of-network benefits (see 02_Benefits_Guide.pdf).

3. Member Responsibilities

Members must present their HealthSecure ID card at appointments, pay required cost-sharing at point of service, and verify prior authorization requirements (see 04_Prior_Authorization_Guide.pdf).

4. Key Terminology & Cost Sharing

Understanding key insurance terms:

- **Deductible:** The amount you pay out-of-pocket before benefits apply.
- **Copayment:** A fixed fee paid per visit.
- **Coinsurance:** Your percentage share of medical costs.
- **Out-of-Pocket Maximum:** The limit on what you pay in a plan year.

5. Accessing Care & Privacy

To schedule primary or specialist visits, contact network providers directly. Your privacy is protected under strict HIPAA guidelines.

6. Contact Information
